

Lights, Camera, Catch Them In Action

Studies have shown that lighting reduces crime by up to 21%... just imagine what adding a camera could do!

Introducing Witness

Our first LED Wall Light with an Integrated HD Security Camera

SCAN QR CODE TO LEARN MORE

High Performance Wall Light

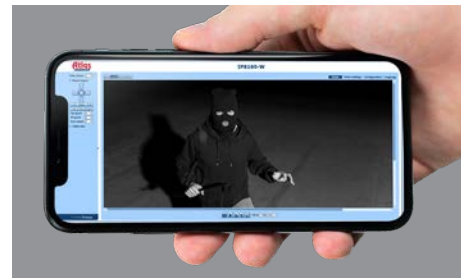

Witness is available with two different LED fixtures – the Classic Series and Independence Series LED Wall Lights.

With either fixture option, you'll enjoy best-in-class energy efficiency and smooth, uniform light output with minimal glare and wasted light.

Integrated Security Camera

The Integrated HD Security Camera features a 1080p resolution that produces excellent image quality and clarity. The lens provides an extra wide field of view to maximize coverage and eliminate potential blind spots.

Simple and Intuitive App

The Atlas Security App makes it easy. Installation is simple, requiring no complicated networking setup – just connect to WiFi and you're ready to go.

The app is easy to use, and there are no additional fees. Over 168 hours of footage is available at any time – that's 24 hours a day for an entire week!

Lights, Camera, **Catch Them In Action**

Wall Light Specifications:

- Construction:
Rugged Traditional aluminum die cast housing provides proven environmental protection for LED modules. Traditional fixture designs provide a familiar look and standard installation requirements. Retaining this look allows the ability to upgrade fixtures gradually, while retaining the same overall fixture appearance throughout a facility.
 - Glare Reduction Lens:
Positioning of the LED modules combined with the unique design of the lens assembly results in light being directed to desired locations and reduces offensive light.
 - Lens
Lens assembly is designed to provide high efficiency and to target the light where needed to satisfy outdoor lighting requirements.
 - Thermal Management:
Atlas' Patent Pending exclusive Thermal Management System™ features a unique internal design that allows for lower operating temperatures which results in a brighter, whiter light, more stable color and longer LED (200,000+ hrs) and driver life.
 - Listings:
Luminaire is certified to UL/cUL Standards for Wet Locations DesignLights Consortium qualified luminaire, eligible for rebates from DLC member utilities.
 - AC Input:
120/208/240/277 V
 - Driver:
Constant current, Class 2, 120-277 VAC, 50-60 Hz
- High Efficiency – min. 88%
0-10 V Dimming
- LEDs:
3000K | 4000K | 4500K | 5000K CCT
Epoxy Guard™ protective conformal coated boards
 - Warranty:
Five-year limited warranty

Camera Specifications:

- Max Video Resolution
1920(H) x 1080(V)
- Image Sensor: 2 megapixels
- Video Modes: 1080p (2Mpx) at 15 Images per Second
- Video Features:
H.264 Encoding, Auto Gain and Shutter, Back Light Compensation, Min Illumination .1 Lux
- Lens Field of View: 145° Horizontal
- Sensor Size: 1/2.9 Inch
- Camera Power: Provide by light fixture circuits
- Indoor/Outdoor
Both - Outdoor UV and weather-resistant rated
- Networking
802.11 b/g/n – Local Only
- Operating Temperature: -20 to 60°C
- Connectivity:
Local Wi-Fi Connection. Via iPhone or Android
